ASSOCIATION**

PROUDLY PRESENTS

BUILDING THE

HEREFORD

dream

ENTRY BOOK

welcome to
BUILDING THE HEREFORD DREAM

This initiative builds on what used to be the dream team Sweepstakes. After much consideration, the OHA board has decided to make a change that gives ticket winners as well as consignors an even greater opportunity. This allows participants to be involved that do not necessarily show at the Royal Winter Fair but have great programs to offer. I encourage you to take a look at how deep these breeders have dug in to offer their best genetics, in many different formats. The winner of this year's draw will have a great opportunity to add to their program or even start a new one with the numerous selections on offer. Thank you to both the consignors and the ticket purchasers in advance for supporting such a remarkable program.

*Tickets available from consignors or the OHA Board
Draw will be made at the RAWF following the Hereford show.*

Scott Cornish - OHA President

Black-River SWG

NEXGEN

34N

D.O.B.: 10/04/2025

Sire: NJW 119E 87G Endorsement 216J

Dam: Arthur R 900 139F Annie 34J

If you're looking for your next calving ease heifer bull this guy is the one! NEXGEN was born with a 70lb BW and has been on the gain ever since. His sire, Endorsement, has become quite popular with Select Sires. His Dam, Annie, has been a pretty special one for us. She was a stand out as a bred heifer and then raised a beautiful heifer calf that is now a very productive young cow for the Arthur Polled Herefords program. His maternal brother was also very competitive in the showring and is now looking great for his new owners while breeding. NEXGEN may only be an April calf but his future is looking very bright!

PCL 4013 Glitz 1G is a remarkable Hereford bull bred for exceptional quality, featuring genetics that promise both performance and style. Known for his well-balanced frame, muscling, and structural soundness, Glitz 1G combines eye appeal with functionality, making him an outstanding choice for breeders focused on both show and practical herd improvement. His lineage brings forth desirable Hereford traits, offering consistent and valuable offspring that excel in terms of growth, longevity, and adaptability. With a reputation for producing calves with solid bone structure and attractive markings, Glitz 1G is sought after in the Hereford community as a dependable and influential sire.

Consigned by Lone Pine Cattle Services and Raymond Johnston.

"BUILDING THE HEREFORD DREAM"

Rockedge 1015 Novelty 9N

An eye-catching heifer with a deep rib and a stretched-out frame, coming from an outstanding cow line known for high-quality udders and consistent top calves. The same cow family line that was sold last year in the S4S sale to RVP.

Rockedge 1015 No Limits 6N

This homozygous polled bull will enhance his offspring with increased muscle mass and added pounds, while also improving carcass quality thanks to his exceptional carcass EPDs. With a rare sire in this region, he can be valuable to purebred producers or anyone seeking to create baldy offspring.
